

PRACTICE PROFILE

Founded in 1970 SPA Architects is an award winning innovative design studio based in North Yorkshire. we have a national client base working on a diverse body of work and deliver projects of varying scale, sector and complexity throughout the united kingdom.

HEALTHCARE

SPA Architects have experience of specialist healthcare provision, particularly in respect to the requirements of mental health, physical disabilities and palliative care.

Our work in this sector has covered many aspects of the Healthcare spectrum for a number of public and private organisations.

The Practice is experienced in delivering mental health projects for children (CAMHS), adults (AMH) and older people (MSHOP), including low and medium secure units.

EDUCATION

Projects within the Education sector have provided us with an opportunity to make a demonstrable difference to staff and young people in their learning and social environments. Our experience covers the whole spectrum of teaching, from Early Years to Primary, Secondary, Further Education and including University facilities.
